Dear Student,

Mercy Health - Tiffin Hospital is excited to offer students the opportunity to Explore the career opportunities in the medical field. The Exploring program, open to students ages 14-20 who have completed the 8th grade, enables youth to learn about careers in nursing, EMS, radiology, surgery, physical therapy, and many more. This program provides students with the chance to network with medical professionals and begin discovering the opportunities that exist in the medical field. Parents and grandparents are encouraged to attend and learn with their student. To learn more about this program, attend the **Open House on Tuesday, September 10, at 5:30 p.m. at 45 St. Lawrence Drive, Tiffin, OH in the McMullen Conference Room.**

**Meeting Dates and Topics**

**October** – EMS and First Responders – Students will get the chance to Explore ambulances and Life Flight, learning what to do when dealing with someone who is unresponsive.

**November** – Radiology – Discover the career opportunities in the Radiology Department. All aspects will be covered including, CT, MRI, Ultrasound, and Mammography.

**January** – Surgery – Ever wonder how Robotics are changing the way surgeons perform procedures? Find out how!

If you want to Discover Your Future, fill out the Exploring youth application with **parent signature** and bring it with you to the open house along with your registration fee of $44. Applications will also be available at the open house. This fee supplies all our participants with general liability insurance. If you would like to RSVP for this event or have questions, contact Exploring Executive Matt Kibler at 567-245-1259 or email at matt.kibler@scouting.org

Exploring is a great way to learn about the career opportunities in your community while having a great time. Remember, your future is the best reason to Explore careers today.

Best Regard,

*Charles Ervin*
